NATUROPATHIC PHYSICIAN
INTEGRATIVE MEDICINE

ILLNESS AS OPPORTUNITY Pain as Teacher

This is Dr. Epstein's guiding principle. He is a naturopathic physician, mind-body therapist, mindfulness meditation teacher, speaker, workshop leader and author.

For over 30 years he has been at the cutting edge of practice in integrative medicine. His whole person relationship centered care approach integrates natural therapies with mind-body medicine, mindful awareness, health psychology and contemplative psychotherapy to guide patients on their self - healing journey.

He is a pioneer in the mind-body connection, narrative medicine, how biography becomes biology and the role of stress in health and disease. He cofounded the Israel Center for Mind-Body Medicine.

In addition to his private practice, he is a featured speaker on radio, television and the web, mentors health professionals and travels worldwide, lecturing and teaching mindful healing workshops.

Dr. Epstein has authored numerous articles and is the author of the book, "*Happiness Through Meditation*"

The Story Of Dr. Epstein's Transformative Journey

The story of his father's life and premature death inspired his decision to become a physician and the development of his healing philosophy and practice of mind-body integrative medicine.

To see the heart of the story, visit Dr. Epstein's website: www.drpaulepstein.com

Disease tells a story - not just of the cell, but of the self. Everyone has a life story. Listening to that story helps us make the connection between our biography and our biology.

Adapting the heart of his unique mind-body medicine approach to each and every audience and venue, topic highlights include:

Stress and the Mind Body Connection
Good Medicine is Good Business
How Biography Becomes Biology
Healing and Curing - We need Both
Transforming Illness into a Self-Healing Journey
Mind as Healer - Mind as Slayer
Meditation as Medication
Happiness Through Meditation
Cultivating Emotional Resilience
